<u> </u>	Director's Meeting	
	Tuesday, 4 December 1951	
25X1	Mr. Dulles reported that CIA had received what purported to be a detailed factual account of the Soviet third atomic explosion, but the location given was some 2,000 miles off. This account was regarded as a fabrication and study was being made as to the purpose thereof.	25X1
25X1	Mr. Dulles noted that the gentleman who was being considered for the job in would be in Washington tomorrow.	
25X1		
	The DCI indicated that Dr. was coming in to see him at noon and he would initially be put in as Dr. Millikan's deputy. If he did not desire any administrative responsibility, he could be used as a member of the National Estimates Board.	25X1]
25X1		
	Mr. Dulles reported that the NSC Senior Staff at the meeting this afternoon would consider the Korean paper. With respect to this paper, the DCI indicated that the estimate contained therein was accurate. He also advised Mr. Dulles that the President agrees with the IAC estimate which had been shown to him by the DCI. Respecting any questions which Mr. Dulles might encounter, the DCI indicated that the IAC members had agreed that intelligence sources would have a 50 per cent chance of predicting a Chinese Communist/North Korean buildup, lacking an inspection system and that they would prefer an air check to any system of ground inspection.	25X1
